STEPHENS MOLECULAR GROUP

Vendor purchasing profile

Company and purchasing contacts

Legal business name	Stephens Molecular Group LLC
Location	Atlanta, Georgia, United States
Primary contact	Dustin Stephens
Email	dustin@stephensmolecular.com
Phone	404-465-6994
Website	https://stephensmolecular.com

Products and support

Molecular PCR panels, laboratory consumables, validation planning, SOP development and laboratory implementation support. Panel pricing and service scope are provided by quote.

Consumables ordering

Product pages identify the selling unit, case contents and product-specific minimum. Listed consumable prices include US freight; applicable tax is additional. Estimated fulfillment is 6-7 weeks after written order confirmation. Review current shipping and order policies at stephensmolecular.com/shop/shipping-returns.

Vendor onboarding and documentation

Send your purchasing requirements, product SKUs, required grade and any lot-specific document needs to SMG. Use stephensmolecular.com/shop/bulk-quote to request a quote or discuss documentation. PO and invoice requests are reviewed through that form; submitting an inquiry does not place an order or establish payment terms.

Tax forms, remittance details and customer-specific onboarding forms are handled directly with SMG through an agreed channel. This public profile does not contain a signed W-9, bank information or product certifications.
